

Combustible Gas Leak Detector w/ 17.5 Inch Gooseneck

KANE-EGD

Combustible Gas Leak Detector w/ 17.5 Inch Gooseneck

Functions

- Sensitivity: <50 ppm methane

Features

- 17.5 inch gooseneck
- Audible indicator: variable tic rate
- Visual indicator: Flashing multicolored LED's
- Response time: 20 sec.
- Sensor: Solid state semi conductor
- 1-Year limited warranty

Specifications

Sensor	Solid state semi conductor	
Sensitivity	<50 ppm methane	
Indicators	Visual	Variable tic rate
	Audible	Flashing multicolored LED's
Warm Up time	20 seconds	
Response time	<1 second	
Duty Cycle	Continuous	
Gooseneck Length	17.5 inch	
Power Source	Batteries	2 (AA)
Battery Life	12 hours typical use	
Gases Detected	Acetone, Alcohol, Ammonia, Benzene, Butane, Ethylene, Hydrogen, Methane, Naphtha, Natural Gas, Propane, Toluene, Gasoline, Jet Fuel, Lacquer, Thinners	

Includes

- Batteries
- Case
- Manual
